JAMISON NAMED CITY ATTORNEY

Commission Acts At
A Hurriedly Called
Meeting

Due to illness of City Attorney Will Jefferis it could not be stated definitely today when H. B. Jamison, newly appointed city attorney, would officially take office.

City Manager James N. Grapentine said from the office that Mr. Jamison was the choice of members of the commission who met together on short notice in the city hall at 4 o'clock yesterday afternoon. Commissioner Thomas Hughes was out of town.

The request of the commission that the city manager appoint Mr. Jamison came after considerable discussion in which Mr. John W. Wilson, M. J. McEvoy, Frank Weatherford and George Taylor were considered as addition to the one named.

Following the selection of a city attorney, the members of the commission informally considered the budget and the selection of a city manager. The decision of the commission was confined to the appointment previously announced. No action is taken on the budget and next Tuesday afternoon at 2 o'clock. Action on the budget yesterday would have been illegal, as special meetings for this purpose have to be set at regular meetings of the commission.

Absence of Pupils
Is Cause of Trip
By Health Officer

The report of county school teachers in the districts of San Antonio, San Juan and Taos that children were continually absent from school and that some were suffering from throat trouble caused Dr. C. West, city and county health officer, to make a trip to those districts yesterday. Dr. West was accompanied by Miss Irene Deibert, school superintendent, and Miss Lulu Leon, county school nurse. During their visits to these districts they learned that one of the children of Leonardo Trujillo had died of a malignant case of diphtheria.

Friends of the deceased, who resided in the district when they died, according to Dr. West, thus making it possible for the health officer to administer protection against of anti-toxins to all children. All school children of the districts were immunized upon the unanimous consent of the parents and Dr. West today.

The Deibert family has been in contact with the families of Yerardi, according to the opinion of the doctor. Efforts to confine the disease to the one house in Taos are to be made. There were no cases of diphtheria at San Antonio or San Juan.
